## How are Megaball's statistics made ?

Megaball's Statistics result from several researches which analyze Lottery Game key history databases, in order to calculate the numbers of keys that were drawn and their incidences or particularities.

### MONTHLY ARTICLE

## Megaball Magazine has a story and a Goal! Allowing those who for several years or even "a lifetime" were not able to win a 'Good' prize.

With the initial name of "Numbers and Statistics", the first source of statistics for games and lotteries was established in September 5, 1998, having spent 11 years doing statistics and making them available for games of chance.

But it was in May 23, 2009 that the old "Numbers and Statistics" gave the big jump starting to be available on the internet and changing its name to the Megaball trademark, at Megaballonline.com, and now also at MegaballMagazine.com.

Megaball statistics are a viable alternative to those wishing to invest in or play Lottery Games, however, Megaballmagazine.com will not be responsible if statistics don't hit the Key numbers resulting from Lottery Game. Megaballmagazine.com will not be responsible, nor will be accused of violating its Terms of Use for any delay or default of any aspect of this agreement directly or indirectly resulting from any accident, fire, electrical or electronic failures, equipment failures, or other, circumstances beyond one's control, due to any other reason beyond the control of Megaballmagazine.com
